

25 September 2018

Dear Resident

RE: Seaward Village upgrade works – Phase 2

Defence Housing Australia (DHA) would like to update you on the upgrade works at Seaward Village. We are pleased to advise that work is well underway in Phase 2 of the upgrade project.

The upgrade of 43 properties commenced with the stripping out of properties in Coast Rise, Breeze Place, Reef Close and Tide Court. The successful building contractor has also commenced the construction of extensions on selected properties.

As per our letter dated 24 July 2018 the increase in traffic and noise is currently being managed through Construction Management Plans which were submitted to the Council for approval.

Please note that you will be invited to attend an information session/open home to view a completed property towards the end of Phase 2 of this project, which is expected around April 2019.

DHA will continue to keep you updated on the progress of the Seaward Village works on the dedicated website www.seawardvillage.com.au and through direct letters to residents.

Regards

Mark Turtle
Regional Director – WA
Defence Housing Australia
