

6 December 2018

Dear Resident

## **RE: Seaward Village upgrade works – interview and open home**

Defence Housing Australia (DHA) would like to update you on the upgrade works at Seaward Village. As you are aware from our letter dated 25 September and construction work in Coast Rise, Phase 2 is well underway. As we near completion of Phase 2, Phase 3 residents will move into the completed Phase 2 properties to allow Phase 3 upgrade works to commence shortly thereafter.

Our Regional Housing Specialist, Kelly Dobson, will be making contact with you soon to arrange an interview during the December/January period. This is so we can gain a greater understanding of your family makeup and requirements, for the allocation process. We recognise that this period may be a busy time of year for you and if necessary, Kelly is happy to discuss options with you outside of this period.

We would also like to extend an invitation to you to view a completed Phase 2 upgrade. We expect to hold a community information session/open home on the evening of Thursday 21 February and the morning of Friday 22 February 2019. Further information will be sent to you in January.

DHA will continue to keep you updated on the progress of the Seaward Village works on the dedicated website [www.seawardvillage.com.au](http://www.seawardvillage.com.au) and through direct letters to residents.

Regards

Mark Turtle  
Regional Director – WA  
Defence Housing Australia
