Dear Resident

RE: Seaward Village commencement of upgrade works – Phase 3

Defence Housing Australia (DHA) would like to update you on the upgrade works at Seaward Village. We are pleased to advise that Pindan Contracting has been selected as the builder to carry out Phase 3 of the upgrades program.

This upgrade works will commence in the coming weeks along Seaward Avenue, with fencing being erected and the stripping out of properties. As a result, there will be an increase in traffic during work hours. This increase in traffic and noise will be managed through a Traffic Management Plan approved by the Council.

Traffic controllers will be in place along Seaward Avenue during working hours.

Please note that the scope of works ensures the removal of any rubbish and the sites will be left tidy and safe. For additional safety and security, the temporary fencing will remain in place for the duration of works.

If you have any concerns about this project, please contact us at seawardvillage@dha.gov.au

DHA will continue to keep you updated on the progress of the Seaward Village works on the dedicated website www.seawardvillage.com.au and through direct letters to residents.

Regards

Emma Griffin
